This form contains information about subject selection for Year 10 in 2013 and the online enrolment process. All Year 9 students have received a Subject Information Booklet for Year 10 2013. A digital version can be accessed via the College Intranet (Subject Selection tab on the left hand side) or via the College website (Education tab then Subject Selection 2013).

You are required to read the information carefully and ensure that each section is completed properly with the appropriate parent and class teacher signatures.

**Intentions for 2013: (Please tick one and sign)**

- I am certain to return to Cabra Dominican College
- I may return next year (but am uncertain at this stage)  
  Parent/Caregiver Signature __________________
- I will not be returning to Cabra Dominican College

The checklist below should be used as a guide to ensure that each step has been completed before the final submission of the package to the Home Class Teacher.

- Name and home class written clearly on cover page (page 1)
- Intentions for 2013 indicated on cover page with signature (page 1)
- Online Enrolment practice sheet checked and signed by parent and H/C Teacher (page 3)
- Webchoices Online Enrolment completed (done in class groups with Home Class Teacher)
- **TWO** printouts of Webchoices Online Enrolment subject selections (one stapled to back of package and other to take home for Parents/Caregivers)

The completed package is to be handed to your Home Class Teacher. The **Year Level Coordinator** (Mr Lyndon Parry) will complete the final check of the enrolments.

**Refer to page 2 for timeline details.**
Information to Students and Parents/Carers

All students study the following core subjects:

- Religion Studies (full year)
- English (full year)
- Mathematics (full year) *
- Science (full year)
- History (one semester)
- Geography (one semester)

Mathematics level

* Mathematics is compulsory in Year 10. Students must select the appropriate Maths level when making subject selections. The Mathematics Subject Pathways diagram has been included in the Subject Information Booklet (page 30) to show the progression from Yr 10 to Stage 1 and Stage 2.

Elective subjects

Students also choose a number of other subjects, which may run for one semester or the full year. There are three possible options to make up 4 units:

1. Two full year subjects (two 2 unit subjects = 4 units).
2. One full year and two semester subjects (one 2 unit subject + two 1 unit subjects = 4 units).
3. Four semester subjects (four 1 unit subjects = 4 units).

The subjects selected are provisional only and cannot be guaranteed. The student’s final course depends on:

- The student’s performance in current Year 9 subjects
- Teacher recommendations
- Numbers requesting particular subjects
- The final timetable line structure

Final approval is not given until Term 4, when any necessary changes are discussed with students and parents.

VET (Vocational Education and Training) Subjects

Students should have sought information regarding VET options prior to selecting their subjects and sought approval from the VET/Future Pathways Coordinator (Mrs Tanya Sharkey). The name(s) of the courses should be listed in the space provided on page 3 with the verification signature from Mrs Sharkey.

Timeline for Provisional Enrolment of Elective Subjects

Students must return this package to Home Class Teachers with the intentions for 2013 section signed (page 1) and the online enrolment practice sheet completed and signed by Parent/Caregiver (page 3). This is due by Wednesday 22 August 2013.

After checking by the Home Class Teacher, a time will be made available for the class to enter their choices online at school (during week 6). Instructions for the procedure and a personalised code will be provided during the online enrolment session. Two printouts of the Webchoices will be produced (one to be stapled to this package and the other to be sent home for parents).

A final check of subject choices will be completed once all enrolments have been finalised.
Online Enrolment Practice Sheet Year 10 2013

Compulsory subjects do not need to be included in the online subject selections except for Mathematics where the appropriate level must be chosen below.

<table>
<thead>
<tr>
<th>Subject</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mathematics</td>
<td>2</td>
</tr>
<tr>
<td>Preference 1</td>
