Parent/Teacher/Student Learning Reviews

As you know our learning review meetings are fast approaching, dates and times can be found on page 3. As teachers the meetings provide us with invaluable insights into the personalities, educational needs and aspirations of our students. With this in mind we welcome especially those parents for whom this will be your first of many meetings and hope that it provides a valuable opportunity to connect with your child’s teachers.

With only eight minutes scheduled for each interview, it can feel a bit like a ‘speed dating’ night. However, our teachers are aware of this and take time to prepare for their conversations with you so that it is more than enough time for most families. To make the most of the time available I encourage you to discuss the upcoming interviews with your son or daughter and any questions that might be worth raising with their teachers. Occasionally, there are some issues that need more than eight minutes. In these cases, your child’s teacher will invite you to meet on a later date when you can spend a bit more time exploring the issue. While our experiences of these meetings will be as different as our children, I hope that everyone involved finds them to be a source of affirmation of the gifts of each child and a useful way of assisting their development as learners.

As you know we use an online booking system for scheduling the interviews. We do so because it provides for the best management of the three or four thousand interviews that will be conducted over the two days and this year we have ‘tweaked’ the process to achieve an even better spread of interview times for families. While the booking system is user friendly I encourage you to call Reception if you have any difficulties and our staff will be happy to help.

The following poem that has survived on a scrap of paper in my files for many years reminds us of the importance of the partnership between parents and teachers. I hope you like it.

The Child
I dreamed I stood in a studio
And watched two sculptors there
The clay they used was a young child’s mind
And they fashioned it with care.
One was the teacher, the tools she used
Were books and music and art;
One was a parent with a guiding hand and a gentle loving heart.

Day after day the teacher toiled
With touch that was deft and sure
While the parent laboured by her side
And polished and smoothed it o’er
And when at last their task was done
They were proud of what they had wrought
For things they moulded into a child
Could neither be sold nor bought
And each agreed they would have failed
If they had worked alone
For behind the parent stood the school
And behind the teacher, the home

Best wishes for the interviews and the fortnight ahead.

Dear Parents/Guardians

I am writing to provide you with an update on our assessment and reporting process in 2016.

As you are aware, Cabra Dominican College is implementing an online learning management platform called SEQTA. The advantage of this platform is that it allows students to access tools required for learning and information about key assessment criteria and due dates.

Parents and students have increasing access to a wide range of information about learning over the three year (2015-2017) rollout of SEQTA. This year, our focus is on providing information about summative assessment tasks and due dates. This feature allows our students to know how they will be assessed and when these summative assessments will take place. It also helps students develop better time management and become active participants in the learning process.

The assessment criteria for each task in a subject will be displayed on SEQTA at least seven days in advance of the due date. Teachers will assess student work against the standards outlined in the South Australian Certificate of Education (SACE) or Australian Curriculum Assessment and Reporting Authority (ACARA), providing ongoing assessment feedback to students and families throughout the year. In Semester 2 you will be able to view your child’s results for each assessment task via the SEQTA portal.

In Term 1, we will have Parent/Teacher/Student reviews on Wednesday 23rd March from and Thursday 7th April from 2–8pm.

In Term 1, we will have Parent/Teacher/Student reviews on Wednesday 23rd March from and Thursday 7th April from 2–8pm.

Parents will receive information detailing the process to request interviews with teacher/s on your preferred date and time. Please take this opportunity to meet with your child’s teacher/s and ensure that your son/daughter attends with you. We see this as an important partnership and want them to be an active participant as we review academic strengths and areas for growth.

An interim grade indicator will be sent home at the end of Term 1. The grade indicated on this report is part of an ongoing assessment process whereby students will be given further opportunities to consolidate their grade against the SACE outcomes, ACARA or Crossways outcomes according to all of the assessment requirements for individual subjects. Interim grades should not be interpreted as an indication of the final results at the end of the semester/year. The Grade (A - E) is, for most subjects, an indicative progress grade as final results are subject to moderation.

If you have any questions about the assessment and reporting process, please feel free to contact a member of the Teaching and Learning Team that consists of Charlotte Hejka, Lyndon Parry and myself. If there are questions about a particular assessment task, please seek information from the subject teacher in the first instance as they are in the best position to answer questions that pertain to your child’s learning in that particular subject.

We look forward to continuing to work in partnership as we work towards improved learning outcomes for all students.

Kind regards, Nicole Laube

YEAR 8 CONNECTION DAY

What does it mean to be Dominican?
To follow in the footsteps of St Dominic and to uphold values such of truth, community, compassion, education, and faith.

Morning Tea with the Dominican Sisters

A group of Year 8 students were privileged to have morning tea with the Sisters and it was great. Everyone had the opportunity to ask the Sisters some questions. We asked them what it was like to be a Dominican Sister and why they decided to enter the convent. They were great storytellers and quite funny too. It was really interesting to hear what they accomplished in their lives and how they have seen Cabra change over the years.

Sports Day at Cabra is a day of mixed events including team games and track events.

All students have an opportunity to participate in the activities and competitions on the day and are encouraged to do so in a fun, supportive and friendly manner. Team games of soccer, basketball, tunnel ball and the pentathlon are very popular. The pentathlon is five small team events such as carrying a wheelbarrow of tennis balls and throwing the rubber ducks for distance. All students can be involved.

The last track event of the day are the age group relays. This is an exciting finale before the winning team is announced.

Students are encouraged to wear their team colours and will need to have a hat, drink bottle and sunscreen.

Traditionally Sports Day is a fun day and a highlight of the year. Special thanks to the convenor, Mr Mike Whinnen, and to all the staff who have done extra work in the organisation of this event.

Below are some photos from the 2015 Sports Day.

FRIDAY 18TH MARCH IS THE NATIONAL DAY OF ACTION AGAINST BULLYING AND VIOLENCE.
There is a very informative website for parents and carers which provides information about bullying, harassment, discrimination and violence in schools - [Click Here]. For parents with older children, the Office of the Children’s eSafety Commissioner is also a valuable resource. There is a very simple eSafety health check which is a great starting point for conversations with our young people.
