Active Listening

Earlier this year a small group of staff were discussing the notion of ‘selective deafness’ during a workshop on active listening. While the conversation was largely tongue in cheek, each of us recognised that there are times when we only hear the things we want to. As it turned out one of the outcomes of our workshop was a commitment to listen more closely to the people around us in the year ahead.

Well, that was a few months ago and I must admit that there have been many days since when I have completely forgotten the lesson. However, on Monday I was reminded of my commitment to listen more when I was reflecting upon the mystery of the Annunciation. The Feast of the Annunciation celebrates the mystery of Christ’s conception and the announcement that Mary is to become the mother of God. Click on the following link that will take you to Luke’s account of this event.

Link: The Birth of Jesus Foretold

While there is much to ponder about the Annunciation I am always struck by Mary’s response to this incredible event. About ten years ago when visiting a chapel in Rome, I was drawn to two statues either side of the altar depicting the Annunciation. On one side the Angel Gabriel is calling out (perhaps whispering) to Mary and on the other side Mary is leaning slightly toward the angel and is cupping her hand to her ear so that she can hear more clearly what is being asked of her. Talk about active listening!

Year 12 Retreat

One of the gifts offered by a Catholic education is the invitation to participate in retreats and reflection days. In a world filled with constant noise and distraction such events give us the opportunity and some skills to slow down, still ourselves and contemplate some of the deeper questions of life. Hopefully, this is something that our students will take with them and find valuable long after leaving Cabra.

During Community Living Week our Year 12 students undertake a four-day retreat that in many ways is a highlight of their time at Cabra. As the name suggests, they go away to a quieter place and disconnect, as much as possible, from phones and social media and spend time contemplating who they are and what life holds for them beyond Cabra. One of the most rewarding aspects of the retreat experience is the participants’ greater awareness of the goodness of the people around them and in turn a much deeper realisation of their own uniqueness and beauty.

As young people only a couple of years older than Mary at the time of the Annunciation, we wish them well and pray that they will find the retreat as rewarding as many generations before them. Indeed, we hope that the retreat experience helps them gain a deeper appreciation of the truth that they are created unique, in the image of an infinitely loving God.

With best wishes for Community Living Week and the break ahead.

Brian Schumacher
ABSENT FROM SCHOOL? PLEASE NOTIFY US...

If your child or children will be absent from school, parents and guardians are required to notify the college.

Option 1: Call and leave a Voice Message:
Please note: You cannot speak with anyone; please leave a message with the following details:

Dial: 8179 2477
After the message tone, please leave the following information:
- Child’s name
- Home Class
- Reason (Family, Illness, Holiday)
- Your Name (Parent or Guardian)

Option 2: Send a TEXT message:
Please note: You cannot speak with anyone; please TEXT the following details:

TEXT Message to: 0427 767 937
In the text message, please leave the following information:
- Child’s name
- Home Class
- Reason (Family, Illness, Holiday)
- Your Name (Parent or Guardian)

COLLEGE CANTEEN
Canteen Special Meal Deal
Canteen orders can be made online through http://cabra.catholic.edu.au/canteen or in the canteen by recess on the day of purchase.

Friday 8th April:
Steak sandwich $6
with tomato, lettuce, onion, beetroot

PURCHASES AND PAYMENTS

Teaching and Learning Update

Combining University studies with Stage 2

At the end of Term 3 last year, high achieving Year 11 students were invited to apply for the University of Adelaide’s Headstart Scholarship Program. It gives high achieving students the opportunity to study at university while still in Year 12, and have these university studies count towards their SACE and ATAR.

While studying at the university part-time Headstart students not only have the opportunity to find out what university life is like before they finish school, but also contribute to, and benefit from the diverse cultural and intellectual life of the University of Adelaide.

Headstart provides gifted and highly-motivated students with a challenge beyond the Year 12 curriculum and the chance to grow as individuals as they combine secondary school and university studies.

Headstart students can choose to replace or supplement their Year 12 subjects with university courses (subjects). Their university grades are recorded and students are able to credit these grades towards their SACE Stage 2 level studies and ATAR. Headstart students may also receive credit towards their degree studies if they enrol in a University of Adelaide program after high school, enabling them to complete their program of study early or study a wider range of courses than usual.

Two of our current students were lucky enough to be successful. Many more students were identified as possible candidates but some decided they would like to continue with a full time study load at Cabra. Two of our current Year 12 students, Billy K and Joshua W-L are participating in this exciting program during 2016. Please see a reflection from Joshua to the right.

Our current Year 11 students are encouraged to strive for high grades throughout this year so that they might have the opportunity to apply for this wonderful initiative next year.

Library News

“A good library will never be too neat, or too dusty, because somebody will always be in it, taking books off the shelves and staying up late reading them.” — Lemony Snicket

LIBRARY Update

As Term 1 of this year flies by, we’d like to remind everyone that it is their last chance to enter our: Design a library in Minecraft Competition.

Great prizes to be won! Book Vouchers as well EB Games gift cards.

You have till the end of Week 10 (Friday 8 April), to design, craft and submit your ideal library (or part thereof) to our competition.

For more details and to submit your entry click HERE.

We have had some fantastic entries so far as these stills from Sheren and Matthew’s video tours demonstrate.

Cabra Library Redesign

We are inching closer to our planned and much anticipated library redesign here at Cabra and the library staff are busy planning, getting quotes and pondering all things library. Although buildings are not the complete library story, why not take a few minutes to peruse these truly amazing libraries from around the world.

Most Spectacular Libraries in the World

Most Beautiful Libraries Slideshow

62 Beautiful Libraries

I am off to Melbourne for Community Living Week next week. Enjoy your CLW activity and of course your break and make sure you have your holiday reading arranged.
Music News

MUSIC UPDATE

What a wonderfully exciting term the music department has had. As well as a number of school based events, including our successful Twilight Concert, twenty students accompanied Ms Saz Burton, Ms Andrea Emerson and Ms Renee Donaghey to the USA on a Jazz Trip. They have safely arrived in Chicago where they received a standing ovation at a performance and enjoyed the delights of snow. We look forward to hearing all their stories of musical adventure when they return and wish them all a successful trip as they travel onwards to LA and Disneyland.

Please let the music department know if you’re participating in any musical events outside of the college so we can celebrate your musical achievements.

Upcoming music events, ensemble rehearsals and scheduled instrumental tutoring are visible to students in their SEQTA timetables. Communication about specific music events will be emailed directly to students/parents/caregivers. If you have any questions please contact the music office.

Music Enquiries:
Telephone: 8179 2406 or

SPORT Coordinator

Joel Morizzi

WEEK 10 UPDATE

It’s been a very busy end of term with knockout cricket, primary sport carnivals and the Co-ed Athletics Carnival occurring this week, along with the weekly matches for our summer teams. Well done and thank you to all students (and of course parents) who have played summer sport for Cabra. It was great to see everyone out each week training and enjoying their Friday or Saturday games. Well done also to all students who competed in knockout sport, primary carnivals and athletics. As always, these days when students represent the College are fantastic and we are always very proud of how our students play with true Cabra spirit. All those finishing summer sport this week, remember summer sport resumes in Week 1 Term 4.

All winter trials are now complete and team lists are up in the sport windows. Parents will receive welcome letters and more information regarding training days, times and coaches in the coming weeks. ALL WINTER SPORT TRAINING commences in Week 1 of Term 2.

Congratulations to Rory B 7G

For the second consecutive year Rory was selected to represent South Australia at the Youth National Archery Championship in the Cub U13 Compound Division. The competition was held at Penrith. Rory won gold with a new state record in the field, a personal best gold in the Target, gold in the Short Course competition with another PB and a silver medal in the Clout discipline. Rory has been selected in the Australian Youth team and in the coming school holidays will represent Australia in Christchurch New Zealand. Well done Rory and good luck in New Zealand.
**National School Constitutional Convention**

Savanna C (12W) was selected as one of 12 students to represent South Australia and Cabra at the National School Constitutional Convention in Canberra in March 16th – 18th. She was selected after her participation in the State Constitutional Convention last August and the competition of an application essay.

120 students from across Australia attended the three day convention. Students visited the National Museum, Question Time at Parliament House, The Museum of Australian Democracy at Old Parliament House, the Governor General’s residence, the High Court of Australia and the National Archives. The theme ‘Education in a Federation’ was discussed during a number of working group meetings after hearing from speakers from Britain, the USA, Canada, NZ, Federal Ministers and the Department of Education.

The convention culminated in the students’ participating in a referendum, with the majority determining that education should be a Federal responsibility. **Miss Paula Hensing**, Chaperone to the SA delegation.

---

**SACE Visual Arts Forum Excursion**

Students studying Stage 2 Visual Arts were treated to an informative afternoon on Thursday 31st March. Starting at the Art Gallery of South Australia, they had the unique opportunity to hear inside information about the assessment types they are about to embark upon. Moderator Ian Corbett presented insights into the successful characteristics of Stage 2 folio and practical work. Four students then presented their 2015 artistic journeys through their folio highlights and final artworks. Intricate pencil drawing, watercolour portraits, street art and sustainable micro-architecture were the focus of these students’ studies. Throughout each presentation, the dedication and perseverance employed was apparent. The students ultimately communicated a deep connection with their work and sense of significant achievement. For the current class, it highlighted success strategies and resources. This was complemented by a viewing of the SACE Art Show in the Light Square Gallery. This exhibition showcases the successful submissions from the 2015 cohort through a diverse representation of different media and thematic approach. We trust the students found this a great source of inspiration as they undertake the folio and practical tasks in the following terms.

**Ms Antonine Stagg and Ms Sally Mahony**, Visual Arts Teachers

---

**The Breakfast Club**

For the past seven weeks on Thursday morning, staff and Year 12 students have been able to purchase breakfast for $5, hosted by the Year 12 integrated food studies class. Each week there is a main dish, coffee made to order and regular breakfast favourites such as a range of cereals and toasts. This week’s menu included waffles with seasonal fruits, yogurt, ham and cheese toasted croissants and a variety of breakfast juices. The breakfast club provides Year 12 integrated food studies class experience working in a café, gaining barista skills serving made to order coffees under pressure. We are also able to learn different types of coffee making techniques such as lattes, cappuccinos and flat whites. Breakfast club will be continuing next term for all Year 12s and staff are invited to come along and enjoy.

**Kiara N (12B)**
**Year 9 Art**

Recently two classes of Year 9 students have finished and submitted their poster design to the Green Screen International Wildlife Festival competition. Students used Photoshop to edit and construct their posters. All students showed such varied approaches with different outcomes.

Ms Kate Lynn,
Art & Design / Visual Arts

**Year 10 Science – Chemical Reaction**

Year 10 Science Studies students have been performing independent extended practical investigations into their chemical reaction of choice.

**Investigations include:**
- Making their own acid-base indicators from different plant materials such as red cabbage, turmeric and cherries and seeing what colours they turn in solutions of different pHs.
- Making their own lip balm and investigating the effect of cooling rate, wax origin or ratio of wax to oil on the texture and final consumer product.
- Reacting capsicum-based enzymes with hydrogen peroxide in the ‘Elephant’s Toothpaste’ reaction and seeing what impact changing different variables; such as the amount of peroxide, amount of detergent, amount of catalase or temperature performed at, has on the reaction.

Mrs Laura Lang and the Year 10 Science Studies class

---

**HOST FAMILIES NEEDED**

Sr Constantia from the Congregation of the Sisters of St Dominic in Indonesia, along with approximately 20 students and 3–4 staff members will be visiting Cabra from 6–19 May.

During their stay we will require families to host the staff and students (two per household). All family members in the household will require a Catholic Police Check. Please email expressions of interest to Amber Booth as soon as possible if you wish to host our visitors during their stay.

Email: abooth@cabra.catholic.edu.au

**CAREERS AND VOCATIONAL EDUCATION AND TRAINING UPDATE**

The 2016 Tertiary Studies and Careers Expo Adelaide (TSCEA) will be staged at the Adelaide Convention Centre on Sunday 10th & Monday 11th of April.

**Careers Employment Expo at Adelaide Showgrounds**

Friday 20th & Saturday 21st May 2016.

**Stage 2 Holiday Revision courses**

- University of Adelaide Holiday Tuition Revision
- Adelaide Tuition Centre Holiday Seminars
- Adelaide Education Group

Mrs Tanya Sharkey, PLP Careers / VET Coordinator
Year 9 Science

9 White began their Systems and Change topic by attempting to keep a waterfall in balance. This activity tests the collaborative skills of the students as they must work together to complete the challenge. Students learnt that their waterfall system had inputs and outputs that must be communicated to keep the water at the correct level, much like a functioning body system. This was a great exercise in persistence and team work.

Mrs Catherine O’Halloran, Science/Chemistry/Maths Teacher

Zoo Excursion (Year 9 White)

We learnt a lot about different animals and their habitats from going to the Adelaide Zoo. One of the things I learnt was if one animal that plays a part in another animal's food chain or web becomes listed on the threatened or endangered list, it is very important to watch out for that animal ensuring their situation doesn’t become worse, as it can effect whatever animal is above it on the food chain because they have one less food source to eat.— Chloe G

On Thursday, we went to the Adelaide Zoo. We learnt a lot about how animals contribute to the environment, ecosystems, food web and food chains. We all had a lot of fun during the day learning new things about endangered animals and how we can help keep them from becoming extinct. The trip put into perspective how easy it is for this to occur and how humans are the cause of their extinction.— Louise S

My class went to the Adelaide Zoo and saw many animals and the way they were treated. It was a great experience for the class as we saw animals in their habitats and what we need to do to protect them. The class then used the information to complete our assignment to make a new enclosure for two animals.— Darcy C

The Adelaide Zoo excursion had many learning opportunities for our class. I learnt about giant pandas and red pandas for my science project. It was amazing and a great experience to see these animals with your mates and be able to feed some.— Mitchell Dean McC

We learnt a lot about different animals and their habitats from going to the Adelaide Zoo. One of the things I learnt was if one animal that plays a part in another animal’s food chain or web becomes listed on the threatened or endangered list, it is very important to watch out for that animal ensuring their situation doesn’t become worse, as it can effect whatever animal is above it on the food chain because they have one less food source to eat.— Chloe G
Dear Parents / Caregivers

Community Living Week - Tuesday 12th until Friday 15th April

As Community Living Week (CLW) is fast approaching please make note of the important information below.

EMERGENCY CONTACT NUMBERS
Mr John Cameron, Deputy Principal of College Administration, will be the emergency contact for the duration of CLW.

- During school hours (8.00am until 4.00pm) Ph 8179 2400
- After hours emergency contact Ph 0409 619 468

If the matter is considered urgent, John will contact your child’s / children’s activity coordinator in the first instance.

TRANSPORTATION
Buses will be leaving at various times on Tuesday 12th April to transport students to their activities – please see the schedule on the reverse side of this letter. As we are on a tight schedule with a number of buses leaving the college in a short space of time please ensure that your child arrives promptly at the designated time.

Parents will receive an SMS on Friday with your child’s approximate return time (camps only), we will endeavor to contact parents if there will be any significant delays to these times.

STUDENT DROP-OFF AND CAR PARKING

PLEASE NOTE: Entry into Cabra on Tuesday 12th April will be via Morris Street ONLY

The majority of buses will be leaving from the Little Street car park and Eaton Street. Please be aware of parking restrictions when dropping your child/ren off on Tuesday morning and again when collecting them on Friday afternoon. To ensure traffic flows smoothly we are asking that parents / carers do not park in the Little Street car park on Tuesday morning with the exception of students attending the Innes camp. Limited short-term parking for unloading will be available behind the tennis courts, if you wish to park ask that you please use the Big W car park. Please note that the Little Street car park will be closed to traffic other than buses on the afternoon of Friday 15th April.

MEDICATION AUTHORITY FORM
Medication will need to be clearly labelled, secured in a zip lock bag and given directly to your child’s activity coordinator on Tuesday morning prior to departure. Your child/ren will not be permitted to take any medication unless the appropriate form has been completed correctly and returned to the college.

We are looking forward to another great Community Living Week in 2016.

Yours sincerely

Brian Schumacher
Principal
