The here, the now and the future

Here and Now

From the many diverse learning opportunities and activities that have been occurring in the ‘here and now’ at Cabra since the last newsletter, I would like to highlight just two, where our students were involved in the wider community. The Church in Action Days held this week saw all our Year 10 students visiting agencies of the Catholic Church which address local and global injustice. This first-hand view of social justice in action helps the students to make real and meaningful links with the Catholic Social Justice Teaching they have been exploring at school in Religion Studies.

Also this week, Year 6 students participated in the Festival Choir at the Catholic Schools Music Festival; many others, from across year levels, performed in the Orchestra, Jazz Choir, Drum Corps and Boys’ Vocal group. The staff and families who attended were justifiably proud of their outstanding performances and the witness they gave to Cabra’s excellent music program.

The Future

At this time of the year many staff demonstrate skilled multi-tasking, continuing their daily work and also beginning planning for the future: finalising business plans, subject offerings and enrolments and planning the staffing, learning programs and timetable for 2013. Next term orientation activities begin, both for new students coming to Cabra in 2013 and for our current students in preparation for the next stage of their school life.

As we look to the future, there are still some questions about government funding for Australian schools. Recently, I attended an update on the federal government’s National School Funding and School Improvement Plan, which takes up some recommendations from the Gonski Report. The Plan promises funding to students most in need, specifically those with a disability, and indigenous students. What is not clear is how long the transition phase will take, which schools will receive funds first, or which areas will be targeted initially. This lack of funding detail impacts on our future planning.

If you are interested in following the implications of the Plan on Catholic schools, or having a say on this issue, The Federation of Catholic School Parent Communities has set up an Online Community for parents through Facebook: http://www.parentfederation.catholic.edu.au

The National Catholic Education Commission Website is also a good source of information: http://www.fundinginfo.catholic.edu.au

Best wishes to all our staff and students for a well-earned break over the next two weeks, particularly the current Year 12 students whose journey at Cabra ends next term. For many, this break from lessons provides an opportunity to revise for their final exams which commence in late October.

Your children will be bringing their progress report and NAPLAN results home at the end of this term. We were very pleased to meet many of you at our recent Parent/Teacher/Student reviews. The ongoing rich conversations that we have, enable us to share your child’s success, creativity, sense of community and social justice. We also get to celebrate their initiative in each new risk taking situation they encounter whilst trying a new skill. This complete picture gives us the opportunity to set individual learning goals and make plans to master new skills. Please use this feedback as a conversation starter to ask your child:

- What achievements are you most proud of this term?
- What are some of the areas where you have made the most progress?
- If we set some new goals, what would they be?
- What extra support can we or your teachers put in place to achieve this?

This sense of shared ownership, helps our young people to realize that they are the key factor in our shared plans and we are all there to support them during this time of adolescence. Rather than purely focusing on scores or results, we can guide them to identify possible challenges in their learning and how to set new goals to make further improvements.

The Australian Curriculum website cites a few interesting comments on the NAPLAN tests:

- NAPLAN involves just a few hours over a few days at four points across a child’s schooling. It is designed to give a snapshot of student performance in key areas of literacy and numeracy – the skills that are necessary not just for school but for life. When taken in aggregate, the results do provide a good picture of how students across the nation, as a whole, are performing. We also know that the individual student reports, set in the context of the local school and the nation, are valued by parents. The NAPLAN results are just one of a number of sources of information used by teachers to measure student progress but they help to place school reports and assessments in a broader context.

ACARA continue to point out that research shows the best way for students to develop their literacy and numeracy skills is through a rich curriculum, not through narrow “teaching to the test”.

At Cabra, we acknowledge that a wide range of assessment tools can help us to shape and develop learning plans for our students as we look for opportunities to develop their spiritual, emotional, physical and intellectual growth. We always encourage parents to continue to work in partnership with us as we provide a safe environment for our students to learn more about themselves and the world we live in.

Thank you for sharing this important journey with us. We hope that all of our students enjoy their holidays and look forward to seeing them on Monday 8th October.

**Year 8 O’Mara Cup Amazing Race Around Cabra**

Written by: Charlotte Hejka

During Week 8, Year 8 students were involved in Cabra’s first QR code orienteering ‘Amazing Race Around Cabra’.

To begin with, Year 8 students were invited to load a QR Code reader app onto their personal digital mobile device, including: iPod Touch, smartphone, iPad or tablet, and were given permission to use their device to participate in the race.

On the day of the race students scanned QR codes that had been strategically placed around the College to reveal riddles stored on the Internet, providing clues to various locations around the school and a series of words that assisted them to complete a passage of information about this type of technology.

The Year 8 team would like to thank the Year 6 team for providing access to their iPads for students who did not have an opportunity to bring in a personal mobile device.
Living Catholic Evening

Written by: Sarah Barrett

On Thursday, September 6th I attended a forum designed to celebrate and recognise the contribution of young people to the life of the Church in Adelaide.

The evening, attended by Archbishop Philip Wilson and various students and young adults, gave people the opportunity to discuss what it means to be a Catholic in today’s society, and the challenges that young Catholic’s have to contend with.

It was also an opportunity for students to offer suggestions about the direction of the Church for the future and steps that can be taken in order to get young people more interested in Church life.

We were able to offer real, tangible suggestions about improving church order to get young people more interested in Church life.

Overall it was a productive and interesting evening that offered insight into how people around my own age respond to being a young Catholic in the 21st century and it was also good to get to know others within the community.

Learning Reviews

Written by: Sonia Nelson

Feedback from parents at the Learning Reviews on 12 September was very positive as so many welcomed the opportunity to discuss the progress of their children with the teaching staff. We are eager to ensure that we continue to improve on this process and invite parents to complete a short online survey.

The weblink to this will be sent by email in the coming days to more formally gather feedback on the process, especially the use of the online booking system. If you have any specific issues or questions, please contact me at the college or by email at snelson@cabra.catholic.edu.au and I will be happy to assist you. The online survey will close at the end of Week 1 Term 4 (12/10/12).

CONGRATULATIONS

Cabra Student WINS 2012 MACCA’S CUP MVP

The SANFL and McDonald’s wish to congratulate West Adelaide’s Ryan Dijksman, the 2012 Macca’s Cup Most Valuable Player. Ryan was nominated for the MVP in Round 8 after an amazing on-field performance against Norwood. He recorded 42 possessions, including 10 marks and 2 goals.

The midfielder was a member of the victorious McDonald’s U16s State Team last year. Ryan will be presented with the Macca’s Cup MVP medal at tomorrow night’s Magarey Medal presentation at AAMI Stadium. He will also receive a $1000 cheque courtesy of McDonald’s.

McDonald’s spokesperson Samantha Sturm said, “McDonald’s is proud to sponsor the Macca’s Cup Most Valuable Player award as it recognises players like Ryan for exceptional on-field achievements and the ability to play effectively in a team. Ryan is a deserving winner and has a great football future ahead of him.”

Lightsview Excursion

By: Sophie, 6 Black

On Tuesday 11th September the Year 6 students went on an excursion to the Lightsview development as part of their studies on ‘Sustainable Futures’. It was a wonderful and engaging opportunity for students to visualise the concepts in a real-world situation.

It was interesting and fun looking at the houses and learning about them and finding out information from our hosts.

Written By: Oliver Page, 6 Rust

The Lightsview excursion was great fun and interesting and we learnt lots about the area. The houses were very nice. We thought it was a very clean and quiet environment. When we were at the lake they were talking about how big it was. I also learnt that there are lots of ways to clean water.

There was one person who controls the house design, one sales person, a Community Organiser, a Commercial Manager and the overall Manager. We thank all the teachers and the two people who took us around Lightsview. We enjoyed it a lot and hope to have another excursion like that again.

Written By: Michael and Cameron, 6 Black

We learnt that there are 7 phases to recycle stormwater, and they use this recycled water for irrigation. Every house had a park less than 200m away.

I learnt that the houses in Lightsview have to have a six star energy rating.

Student Comments:

I learnt that...
- People need a certain sustainable rating house. Riley
- There are 7 phases to recycle water. Michael
- There are three things that make up sustainability; social, economic and environmental. Grace
- The houses in Lightsview have to have a six star rating. Sophie.
- They had smart screen windows that let in more light in the winter and less in summer. Matthew
- In Lightsview they use stormwater. Aidan
- Every house had a park 200m away. Cameron
- A house is not allowed to block out any of the other houses sunlight. Shannon
- Lightsview use to be a food trail for the aboriginal people. Lavita
- They recycled water. Mia
- Lightsview used to be a wasteland and is now a very useful suburb. Chandler
- All of the houses had their windows placed in a certain position to maximize energy efficiency. Emma
- They use solar power. Cristine
- Lightsview recycles most of their waste. Amelia
- They don’t use coal to power the houses. Jesse
- I liked how the park was sustainable. Adior
- I liked the houses. Peter
- I liked the river with the recycled water and in the future people can walk on the bridge. Chenoa
- I liked how there was no litter. Gen
- I liked when we were learning about the wetlands. Caitlin
- I liked the look of all the sustainable houses and learning about how they have to make them. Joss
- I learnt about recycled water. Joe
- I enjoyed learning about Lightsview and how it came to be. Ross

Senior Library Blog visits Top 5000

The Cabra Library Blogs continue to be a popular and useful source of news and information on books, reading and research. Recently visits to the Senior Library Blog topped the 5000 mark. This is a great achievement considering we have been live for less than a year. To check out the Cabra Library Blogs go here:

So while we celebrate the advantages of electronic communication and social media networking let’s not forget one of our primary focuses in the Cabra Libraries, which is to promote and encourage reading in all its forms:

“Stories are the most important thing in the world. Without stories, we wouldn’t be human beings at all.” Philip Pullman

“Fiction is the truth inside the lie.”

Stephen King.

“Only the very weak-minded refuse to be influenced by literature and poetry.”

**The Festival of Innovation**

By: Isabella Chaptini and Eva Hayball

Last week Eva and I were competing in The Festival of Innovation. We travelled to Mawson Lakes where we were up against 14 teams. Eva and I took with us our model, invention and poster. The competition required students to create something which could reduce carbon emissions. We developed an idea for an invention which would surely benefit the environment.

Over five weeks we designed a free application for use on any Android Smart phone device. Our application recognises QR codes which tell the number of carbon emissions consumed through the process of transportation. The app called “Carbon Calculator” is a highly useful and easy to use technological advance. It allows people to make choices based on how many carbon emissions the food product costs to the environment. The higher the number, the more carbon released into the atmosphere.

The judges were very impressed with our entry in the competition awarding us second place and a cheque for $500. Eva and I hope to extend our idea to also include a calculation of the carbon emissions involved in manufacturing and packaging food products. It was a great opportunity and we look forward to similar future events.

Year 12 Breakfast
On Tuesday morning this week we had a breakfast for all of the Year 12 students and the Year 12 Home Class teachers. The breakfast which was held in St. Brigid’s Square gave the staff and the students the opportunity to relax and socialise after what has been an extremely busy term for the students.

Catholic Schools Music Festival
This week was an exceptionally busy time for the Music Faculty as a number of our students performed in the Catholic Schools Music Festival. I attended the Festival on Tuesday evening and was once again extremely proud of the exceptional talent that we have here at the College. I would like to congratulate the Music staff and all of the students for what was a truly outstanding performance.

Archbishop Awards, 2012
This coming Sunday evening the Archbishop will be celebrating mass at St. Francis Xavier Cathedral as part of the celebration the recipients for the 2012 Archbishop Awards will be presented with their certificates. Congratulations to Jack Kutcher and Madalin Yeo-Ellis who have been nominated for the award for this year. I will be attending the Mass on Sunday evening along with Jack and Madalin.

Term 3 Reports
Looking through the Term 3 Reports I have been extremely impressed with the results that so many of our students are achieving in the Senior School. Through quality teaching and learning which is underpinned by quality relationships students are able to really flourish and reach their full potential.

CABRA DOMINICAN COLLEGE NEWSLETTER

COLLEGE NEWS

MITIOG è “Made in the Image Of God”

The Catholic human sexuality programme for Adelaide, called MITIOG is well on the way in Cabra’s Middle School Religious Education syllabus and across curriculum programmes. Each year level has 4 strands to cover. These are: Being Human, Being Sexual, Being Connected and Being Moral. Each strand has a key idea. For example, the key idea for Being Human is to enable “students to respond to the belief that we are created in the image and likeness of God, and called to demonstrate reverence for self, others and the whole of creation”.

Some classes have finished their programme for 2012 by the end of Term 3; some others still need to complete some of the sections. Please ask your sons and daughters about what they have learnt this year so far.

Vinnies Boxes:

Thank you to families who have been supporting our collection of clothing, blankets, toys and books for the St. Vincent de Paul Society. We have sent away 3 big boxes this month from what you have left at Cabra.

The St. Vincent de Paul organization uses donations for families and individuals in the community in need. The donations not required immediately are used in the St Vincent de Paul shops to raise money for the organization’s other charitable works – like the food van. There is a shop at Mitcham behind the fast food shops near the railway crossing.

Please return the bags with donations to Cabra or the St Vincent de Paul shops. There are collection boxes in the Senior School, Middle School and Front offices. It is not necessary to use the ‘Vinnies bags’, any bags are suitable. The collection boxes are in the school all year round and emptied as they are filled.

SPORTS UPDATE

Primary Touch Carnival
Written by: Georgia Bott and Brooke Upton 7 Black
On Wednesday the 12th of September the Year 6 and 7 classes participated in the Primary Touch Carnival. The school entered with exceptional players from each of the classes. Overall the teams fought with their might to win their games and have a great day.
The school also entered two elite teams, one boys and one girls team. Both teams played excellently and they gained a spot in the finals. Unfortunately neither of the teams won the championship title but both were fantastic games to watch.
Overall it was a great day and we would like to thank the teachers and the Year 10 girls that helped out on the day. We congratulate all players on their great effort.

Open Boys KO Soccer Champions 2012
Congratulations to the Open Boys Knockout Soccer Pool B team who are CHAMPIONS for 2012.
They boys were just too good for John Pirie winning 11–0 in the first game and beating Banksia Park 6–0 in the Grand Final.
The Year 8/9 team ended up 3rd on Monday after getting beaten 1–2 by Underdale in the first game. This very brave effort was followed by a win against Blackfriars 4–2 in the playoff.
Val Yuel (Year 12 - Open) scored 18 goals in 6 matches and Dom Yuel (Year 9 - Yr 8/9) scored 14 goals in 6 matches, quite a remarkable effort.
