If the rejection relates to a request to change personal information, an individual may make a statement about the requested change and the College will attach this to the College's record.

Consent and rights of access to the personal information of students

The College takes a common-sense approach when dealing with students' personal information and will generally refer any requests for consent and notices in relation to the personal information of a student to the student's parents/caregivers. The College will treat consent given by parents/caregivers as consent given on behalf of the student and notice to parents/caregivers will act as notice given to the student.
- 5.19 As mentioned above, parents/caregivers may seek access to personal information held by the College about them or their child by contacting the College's Principal. However, there may be occasions when access is denied. Such occasions would include where release of the information would have an unreasonable impact on the privacy of others, or where the release may result in a breach of the College's duty of care to the student.
- 5.20 The College may, at its discretion, on the request of a student, grant that student access to information held by the College about them or allow a student to give or withhold consent to the use of their personal information, independently of their parents/caregivers. This would normally be done only when the maturity of the student and/or the student's personal circumstances so warranted.
