Welcome to Cabra Dominican College

I am delighted that you have decided to provide contract work in our music department. Music is such a wonderful, enriching part of our community and many students enjoy accessing music lessons and/or ensembles. Thank you for sharing your expertise and love of music with our students.

Blending old with new, the beautiful Cabra campus is just 10 minutes south of Adelaide CBD. Cabra Dominican College offers an exceptional

Catholic co-educational experience for students in Years 7 – 12. Since 1886, Cabra students have benefited from our culture of forward thinking, in a place where tradition meets innovation.

Our positive, vibrant culture is guided by four key domains:

- Consciously Catholic, mindfully Dominican, recognising the importance of the Sacramental life of our work.
- Lead for an inclusive community represents our steadfast commitment to shape a connected community of welcome, that is inclusive, caring, just and equitable.
- Strengthen and innovate for the future represents our commitment to remain future focussed, meeting the current and anticipating the future requirements of our community.
- Pursue excellence and growth is bold and purposeful and represents our commitment to growth and improvement across all areas of the college.

This induction booklet is best read in conjunction with the Student and Staff Handbook. These handbooks provide further insights into our college, our values and philosophies that underpin the way we work with each other; staff, students and families. Specifically, I invite you to take the time to reflect on our Vision Statement, contemplating what it means for you and how it informs and inspires the work you do with our students.

Co-Curricular Music Processes and Procedures

College Mission

It strives to provide an environment that nurtures and develops young people's unique gifts: liberating them in the search for truth and empowering them to create a better world. Cabra Dominican College is committed to providing an inclusive environment in which all students feel welcomed, safe and valued.

Context

Cabra Dominican College offers a diverse range of co-curricular music experiences for students of all year levels, abilities and interests. The College engages a range of specialist instrumental music tutors and ensemble directors in order to provide education in their specialist areas. We offer an inclusive and engaging environment in which students develop their musical skills, self-confidence, creativity and personal responsibility.

Principles

Cabra's extra-curricular music program strives to nurture and develop the unique gifts of individual students and is supported by the strong instrumental and ensemble program offered at Cabra Dominican College. Duty of Care and child protection (including mandatory notification)

Duty of Care

Contractors play an important role in the education of our students in partnership with all staff of our school. In your relationship with children and young people, contractors are required to ensure that the physical and emotional welfare of children and young people is safeguarded, and that their own behaviour is guided by this duty of care.

Please talk to your Supervisor, Leader or the Principal if you have any questions regarding your duty of care.

Protective Practices: Professional boundaries

Education and care professions rely on the fostering of positive relationships between adults and children and young people, in ways that do not compromise children's and young people's welfare.

You have been provided with a copy of the *Protective Practices Guidelines*, which will assist members of the community to maintain professional boundaries. The Guidelines give examples of boundary violations in communication, personal disclosure, physical contact, place, targeting individual children and young people, role, and possessions.

Contractors will find these guidelines helpful in managing professional boundaries taken from [Protective Practices Guidelines \(2017, 2nd Edition, revised 2019\)](#) on:

- Using social networking sites
- Working one-to-one with children and young people
- Managing privacy expectations

Protective Practices Guidelines address appropriate physical contact in a range of situations, including:

- assisting or encouraging a child or young person
- good practices with school age children and young people
- good practices with children up to school age.

Non-physical intervention is the recognised means of managing the behaviour of children and young people. Use of verbal instructions is always preferred to physical intervention.

The *Guidelines* address safe practices when it is legitimate to use physical restraint: that is only where a child's, young person's or adult's safety is threatened.

Education and care staff support children and young people with disabilities or additional needs through individual plans, which take various forms. These plans document the strategies that are to be used in supporting the child or young person, and will assist you to ensure your duty of care to the child or young person.

Policies and Legislation

Conduct representing a breach of legislation includes:

- Child abuse and neglect
- Illegal behaviours
- Sexual harassment

What is Child Abuse?

The training will include information on the four types of child abuse:

(1) Physical abuse (2) Sexual abuse (3) Emotional abuse (4) Neglect.

Why report Child Abuse?

From time to time, contractors working with children will experience children disclosing sensitive information. Children have limited power to protect themselves from abuse and will only be protected from abuse and neglect if responsible adults take action on their behalf. Reporting child abuse is the first step in stopping the abuse and protecting children from further harm.

When to report Child Abuse?

You are required by law to report child abuse and neglect when a contractor forms a suspicion on reasonable grounds:

- A child or young person tells you that s/he has been abused.
- Contractors observation of the behaviour of a particular child or young person and/or injuries, or their knowledge of the child generally leads you to suspect that abuse is occurring.
- A child or young person tells them s/he knows someone who has been abused (the child may be referring to her/himself).
- Someone tells you of the abuse who is in a position to provide reliable information (perhaps a relative, friend, neighbour or sibling of the child/young person).

What does the law say?

Contractors are Mandated Notifiers and obliged by law to notify Families SA if they suspect on reasonable grounds that a child or young person has been or is being abused or neglected and they formed their suspicion in the course of their work (whether paid or voluntary) or in carrying out official duties. Contractors must notify Families SA of their suspicion as soon as practicable after they form the suspicion.

What do you do if you have suspicions or concerns?

Contractors are not expected to act alone. Always seek guidance and work in partnership with the nominated staff member at the school (normally this would be the Principal or the person who inducted you as a contractor). The role of a contractor means you are supported by professionals at Cabra in meeting their responsibilities as a mandated notifier.

Child Abuse must be reported to Families SA
